

IN THE CLAIMS:

Please rewrite claims 9 and 13 as follows.

Please rewrite claim 9 as follows:

C1
--9. (Amended) Receiving method for receiving OFDM-signals comprising M identical or respectively mirrored wave forms within one OFDM-timeburst, wherein M is an integer and $M \geq 2$, comprising the steps of
receiving said OFDM-signals,
correlating said wave forms to obtain time synchronization using M-1 correlators,
transforming said signals into the frequency domain, and
demodulating said signals.--

Please rewrite claim 13 as follows:

C2
--13. (Amended) Receiving apparatus for receiving OFDM-signals comprising M identical or respectively mirrored wave forms within one OFDM-timeburst, wherein M is an integer and $M \geq 2$, comprising
receiving means for receiving said OFDM-signals,
correlating means (28, 29, 30, 31) correlating said wave forms to obtain time synchronization, wherein said correlation means includes M-1 correlators,
